CLARIFICATION NOTE

Filed: 4 December 2025

1. Purpose

This Note responds to the Court's Order of 4 December 2025, clarifying that the urgency relates to ongoing administrative and safeguarding concerns, and referencing new developments arising on the same day.

2. Continuing Nature of the Breaches

The Claim challenges current administrative failures:

- No logging or safeguarding of evidence submissions.
- No chain-of-custody records for the Imerman devices.
- Withdrawal of participation measures without determination.
- No disability adjustments or PSED engagement.

These breaches persist today.

3. New Development on 4 December 2025

HMCTS Litigation Team confirmed they had no record of receiving the Judicial Review claim and were unable to acknowledge service until the Claimant re-sent documents. This supports the Claimant's case of ongoing administrative failures.

4. Safeguarding and Disability Considerations

The Claimant, who is autistic and has PTSD, continues to experience deterioration arising from administrative silence and lack of reasonable adjustments. This raises immediate safeguarding and participation issues.

5. Renewed Request

The Claimant respectfully renews her request that:

1. Permission not be determined on the papers; and
2. The matter be listed for an urgent oral hearing.

6. Conclusion

This Note is provided to assist the Court and ensure accurate understanding of the ongoing issues.
