TO APPLY FOR US VISA**

## USE OF FUNDS DERIVED FROM ILLICIT ACTIVITY TO APPLY FOR US VISA

An invoice from Blue Ocean Services FZE LLE, Ms Molina's Dubai company for consulting services provided to a third party dated December 2018. Our client helped Ms Molina set up this company but had no interest in it at all.

A notification that OCEAZ LLC has been registered dated 20 January 2020. This is a US company our client helped Ms Molina set up as she wished to obtain an investor visa for the USA (he helped her look at several options). The company operates a juice bar in Los Angeles – “Main Squeeze”. Our client has no interest in this company, nor has he invested any funds in the business.

A screenshot of Ms Molina's Transferwise account simply showing the account details.

Management accounts for Blue Ocean Services FZE LLE.

A bank statement for Ms Molina's BCP Millennium account dated 31 March 2020 (our client assisted her in setting up the account but has no interest in this or use of it). There are no transactions relating to our client.

An agreement between Ms Molina and a business broker (via which she purchased the juice-bar business). Again, our client has no interest in this business.

Spreadsheets relating to Ms Molina's finances (enclosed there seem to be duplicates pages) which our client helped Ms Molina to prepare as she was not familiar with Excel.

Photos of privileged emails with an immigration lawyer in Los Angeles dated c.April 2020, which relate to Ms Molina's immigration advice.

## USE OF FUNDS DERIVED FROM ILLICIT ACTIVITY TO APPLY FOR US VISA

Photos of privileged emails with an immigration lawyer in Los Angeles dated c.April 2020, which relate to Ms Molina's immigration advice.

Drafts of a private agreement between Ms Molina and the father of her child relating to financial support.

Whatsapp messages between Ms Molina and our client, where she says she always wants "Hermes" which are enclosed. As you will see our client responds saying he thought Greg was going to get it. Greg is the gentleman with whom Ms Molina had a child in 2020. Our client has never bought Ms Molina a Hermes bag.

Whatsapp messages enclosed where Ms Molina is asking our client to rent another apartment. These include forwarded messages from the gentleman, Greg, with whom she had a child (she was staying in an apartment he was renting for her, but Greg was not happy with her being there without him). Ms Molina was clearly distressed and wanted to leave, so our client responded to a message asking him to rent somewhere else, saying yes – he was concerned for a friend – but you will note he subsequently asks her to stay calm. To be clear he never rented a property for her in Los Angeles.

eli elikantorlaw.com E-2 Visa April 29, 2020 at 7:32 PM Details

To: Olivia Molina, Cc: omkz1995@gmail.com

Siri found new contact info eli elikantorlaw. com eli@elikantorlaw.com

Dear Olivia and Karim,

I don't know why you are still pursuing the postal store in Brentwood. It is **not** a suitable investment to obtain an E-2 visa because according to the tax returns, it has lost money during the past two years. Therefore, Immigration will **not** approve it. You are just wasting your time with it..

Therefore, I suggest that you look for a new investment. As I told you both previously, you could buy an existing business or do a brand new start-up from scratch. Olivia will need to invest a minimum of \$150,000 and own the majority of the business, i.e. at least 51%. The money must come from her overseas bank account in Portugal. It cannot come from a US source. It could be a restaurant franchise such as Subway, or any other type of restaurant or coffee shop. It could be a nail salon or hair salon. It could be a women's clothing store or a children's clothing store, but it has to be a "bricks and mortar" business, no just e-commerce.

Eli

RE: Pizzeria

To: Oli Molina, Cc: Marco deLongeville

Detail

Dear Karim,

I don't know if the pizza restaurant is still available. I got the information from the broker who I introduced to you, Marco de Longeville, (213)675-0187, [marcodelongeville@vistasir.com](mailto:marcodelongeville@vistasir.com). He told me about it. See if it is still available. I think that they were asking \$120K. It is in Olivia's price range. It would probably be a suitable investment for Olivia's E-2 visa, depending upon what their financials and tax returns show. She could do take out and delivery, until they lift the restriction.

Good luck,

Eli

[Detail](#)

To: eli.elikantorlaw.com, Cc: Marco deLongeville

Thanks Eli

Marco

Nice talking to you again - the shipping place fell through as Eli and Gerard were not OK with the fact that it had negative tax returns for 17 and 18 -

Would you have sometime later today to have a catch up and better define the search for a business that could qualify for the E2 visa.

Thanks

Karim

Re: Pizzeria

[Detail](#)

To: Oli Molina, Cc: com.eli.elikantorlaw.

Morning Karim,

I just reached out to the fellow who had the Pizzeria place for sale if it is still available ill get back to you asap.

Eli,

Marco

PS: I had fwd their P & L when we last spoke about it, you may want to fine comb it to make sure it fits the E2 requirement.

Marc de Longeville

FOR IMMEDIATE RELEASE

Thursday, March 5, 2020

## **Federal Jury Convicts Founder and Chairman of a Multinational Investment Company and a Company Consultant of Public Corruption and Bribery Charges**

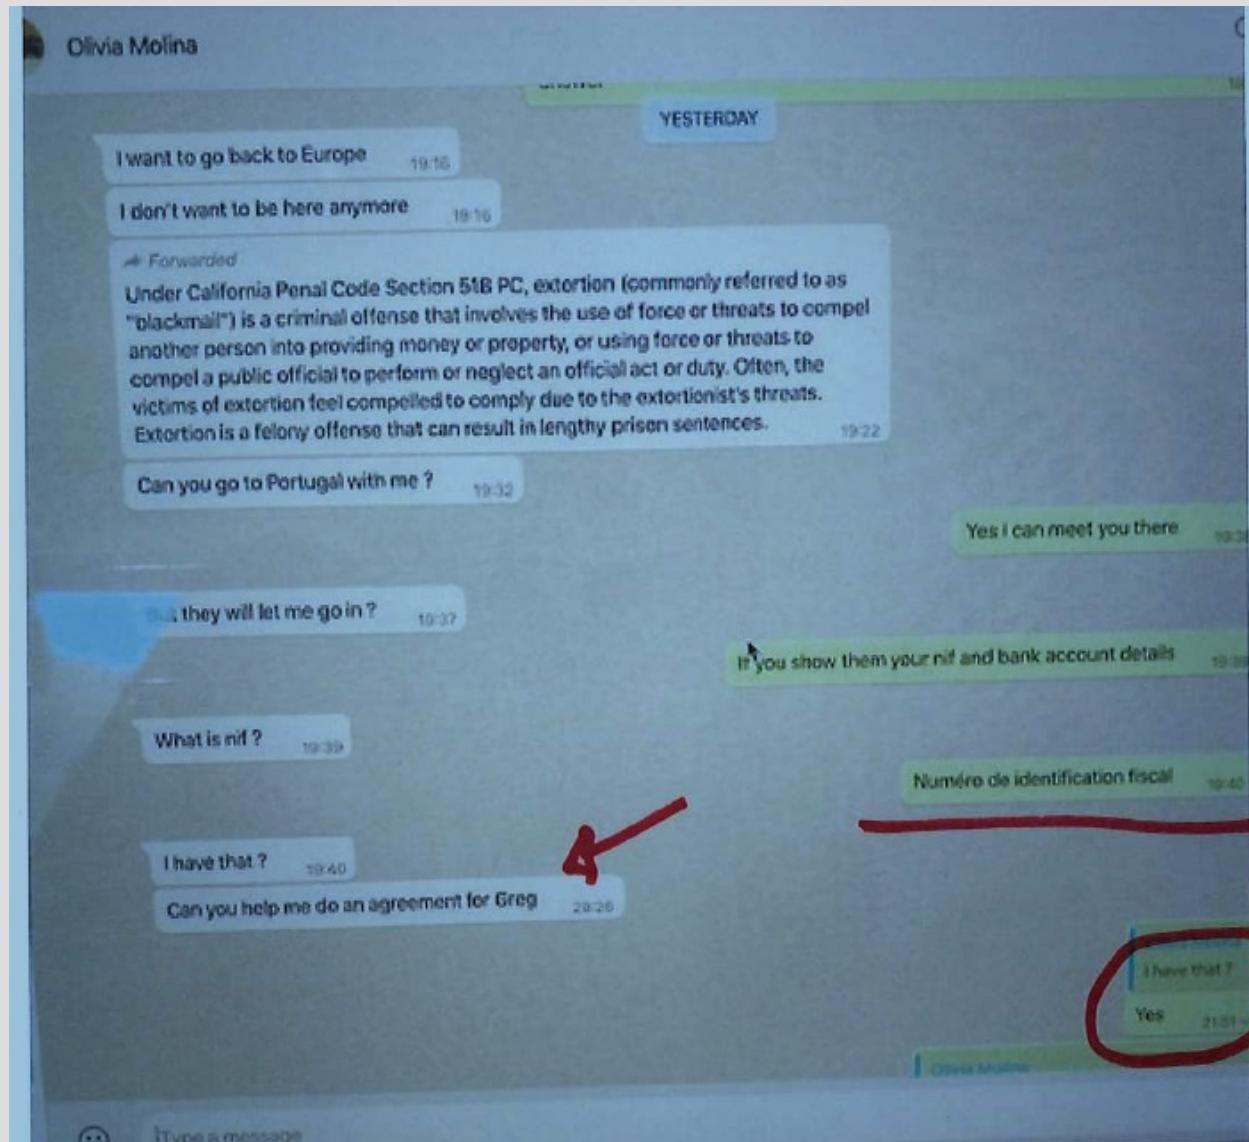

### **Former North Carolina State Political Party Chairman Previously Pleaded Guilty to Lying to the FBI in Connection with the Bribery Scheme**

A federal jury sitting in Charlotte, North Carolina, has convicted the founder and chairman of a multinational investment company and a company consultant of public corruption and bribery charges, for orchestrating a bribery scheme involving independent expenditure accounts and improper campaign contributions.

Greg E. Lindberg, 49, of Durham, North Carolina, the founder and chairman of Eli Global LLC (Eli Global) and the owner of Global Bankers Insurance Group (GBIG), and Lindberg's consultant, John D. Gray, 69, of Chapel Hill, North Carolina, were convicted of conspiracy to commit honest services wire fraud and bribery concerning programs receiving federal funds after an approximately three-week trial before U.S. District Judge Max O. Cogburn Jr. A third co-defendant, Eli Global executive John V. Palermo, 64, of Pittsboro, North Carolina, was acquitted by the jury. A fourth co-defendant, Robert Cannon Hayes, 74, of Concord, North Carolina, previously pleaded guilty to making false statements to the FBI.

"Greg Lindberg and John Gray undermined public confidence in our government by promising millions of dollars in campaign contributions in exchange for government decisions to benefit Lindberg's business interests," said Assistant Attorney General Brian A. Benczkowski of the Justice Department's Criminal Division. "The department is grateful for the assistance of the law-abiding public officials who reported the attempted bribes in this case, which allowed us to use all the tools at our disposal to investigate and root out this pernicious and greedy effort to corrupt North Carolina state government."

# NEGOTIATION OF PATERNITY AGREEMENT WITH GREG LINDBERGH

# NEGOTIATION OF PATERNITY AGREEMENT WITH GREG LINDBERGH

## Certainty™ Non-Invasive Prenatal Paternity Test

Ref No. MT11661

This test is accredited by the AABB, under scope.

Case 3523937 Name	MOTHER OLIVIA MOLINA	Alleged FATHER GREG E LINDBERG
Sample Type Date Collected Test No.	Blood 6/26/2020 3523937-10	Buccal 6/26/2020 3523937-30

### Interpretation:

Probability of Paternity: >99.9%

RN: 9939525

The alleged father is not excluded as the biological father of the fetus.

Testing was performed to determine paternity using cell-free fetal DNA (cffDNA) isolated from the plasma of the maternal blood sample. This sample contains a mixture of maternal and fetal DNA. DNA was also isolated from nucleated cells in samples from the mother and alleged father. All DNA samples were analyzed using next-generation sequencing (NGS) technology. Paternity determination was performed using 1001 SNP (Single Nucleotide Polymorphism) informative loci out of 2,304 tested loci to generate a probability of paternity.

**TESTING METHODOLOGY:** The isolated fetal DNA is obtained from the maternal blood (which contains placental DNA) and DNA from the mother. DNA from the alleged father is also isolated from his sample. Isolated DNA from all three sample types is amplified at specific loci using a targeted PCR assay, and sequenced using a high-throughput sequencer. Sequencing data for the mother, fetal fraction, and alleged father is analyzed for quality and profile sequence. The probability of paternity is derived using Natera's proprietary algorithm in place of traditional paternity formulas. The Natera algorithm uses a formula that incorporates the genetic-test results and produces a likelihood confidence level, which is equivalent to the combined paternity index. A probability of paternity is generated as compared to unrelated individuals of the general population. This test uses a racially-neutral database and thus does not require the alleged father's or mother's race for the calculation.

This test is not intended for use in conjunction with closely-related fathers, incest, surrogate pregnancies, donor eggs, or for individuals who have had bone marrow transplants or exhibit any other chimerism.

Calculations for the Probability of Paternity were performed by Natera, Inc., 201 Industrial Road, Suite 410, San Carlos, CA 94070.

As we discussed this 8<sup>th</sup> day of May, 2020:

- (a) O.M and G.E.L agree to comply at all times with all laws and regulations in the US and worldwide.
- (b) Both parties agree that have no intention to sue each other, as long as the agreement is being followed accordingly. We both agree that if any party brings a lawsuit, this agreement shall be void.
- (c) GEL agrees that he will support OM and the baby with \$30,000 per month in gifts to cover food, housing, and spending money and this amount shall be sufficient for such purposes. This support shall stop when the child turns 21 years old.
- (d) OM agrees that GEL will be the sole decision maker regarding the baby's tutors, child care, nannies, and extracurricular activities.
- (e) The child will live with OM an average of 5 days out of every 7 days, until the child turns 10 years old and goes to boarding school – and Only if the school gives the child free weekends so OM can visit the kid, otherwise the child will go to boarding school at the age of 13 years old.
- (f) In exchange for the above, GEL agrees to pay for all medical, education, and related housing expenses for the child, like rent and house expenses where the child and OM will live together and until the child turns 21 years old. All of the child's medical and education expenses shall be in addition to the \$30,000 per month in gifts as per (c) above.
- (g) GEL will be responsible for paying appropriate gift taxes on all gifts to OM per the above.
- (h) The numbers here shall be adjusted annually by the consumer price index published by the US government for the US dollar.
- (i) OM agrees that when the child turns 10, he/she will go to a boarding school that GEL will have ultimate decision right over should both parents disagree on the school. GEL Agrees to assume all the relocation cost of also moving OM to a house chosen by OM near the boarding school so she can spend time with her child on weekends and holidays.
- (j) GEL will consider setting up a trust and funding it in order to provide for the required payment during the life of this agreement. Or make sure payments will keep happening if anything happens to GEL.
- (k) GEL will consider leaving some of his belongings to the child such as companies, house, money etc on his will.
- (l) The child will start learning activities from 3 months old.
- (m) GEL will be the only decision maker of the child regarding if it's gonna be home schooled or going to private school until he goes to boarding school at age of 10 or 13 as it was discussed above . In the case that it's home schooled OM agrees to drop the child in GEL 's house for "learning hours" once the hours are done OM will pick up the child and take him/her back to OM's house. If the child happens to be traveling around the world OM has to go with the child as well where the "home school " will be at the moment , if GEL doesn't agree on that then the child will be home schooled in OM 's house until they come back from traveling.

Yours,  
  
Greg E. Lindberg

Since 2014, my client has used his expertise and foresight to study extensively and develop expertise in cryptocurrencies and from this has generated significant value in the investments he has made. He was genuinely a crypto-currency pioneer and he has devoted much of every day since keeping up with developments and furthering his knowledge.

He has also had the resolve to resist liquidating these assets over the years despite the many swings in value and despite advice and urging from many to do so, including from your client. This resolve has averted missing out on very significant gains despite the understandable urge at times to sell, which many might have done, and the stress that he has had to endure as a result.

The total amount he has invested since 2014 is as follows:

- \$82,332 (£59,232 at today's exchange rate) initially in Paycoin – this was initially unsuccessful but the remainder was invested in various cryptocurrencies and is the basis of his cryptocurrency accounts / portfolios he has today save for the additional Bitcoin acquired from Olivia Molina (see below).
- \$20,000 (£14,388) in 2014/15 in mining equipment / hardware.
- \$75,000 (£53,957) in Coinbase shares held via Topanga Canyon Holdings LLC in 2015 – the shares were listed publicly in April 2021.
- Various amounts of Bitcoin acquired from Olivia Molina as follows:
  - 8Btc in 2019 in exchange for paying her rent using expenses from Sphere Digital – c.£32,000
  - 10Btc purchased from her in October 2019 for €85,000 (£72,034)
