Dear Sir or Madam,

I write to formally notify you that a Judicial Review was filed on 1 December 2025 in the Administrative Court (Zahmoul v Secretary of State for Justice & HMCTS; AC-2025-LON-004293).

An urgent, public permission hearing has been requested and remains outstanding.

The Judicial Review challenges serious administrative failures by MoJ/HMCTS in relation to the handling of criminal evidence, including the failure to log, process, safeguard, escalate, or transmit material disclosed repeatedly between December 2023 and May 2025, and the failure to safeguard and review the Imerman devices known to contain source-level criminal evidence.

The Pre-Action Protocol Letter dated 19 November 2025 remains unanswered. In addition, formal inquiries to the solicitor of last record regarding the handling and whereabouts of the evidence and devices have received no substantive response, and the current status of the material is unknown.

I further notify you that the criminal evidence, transmission history, and supporting documentation underlying the Judicial Review have now been placed in the public domain and notified to the press.
